EN/ Between architecture and design there is a conceptual link that finds a common identity in the culture of the project. BRIGNAC represents an expression of this concept: a versatile and dynamic architecture, made of soft volumes and essential lines, which takes shape inside the house, creating a life scenario. Meeting, conversing, sharing the sense of beauty and well-being are the activities that animate this space, like a theater of a domestic community.

FR/ Entre l'architecture et le design, il existe un lien conceptuel qui trouve une identité commune dans la culture du projet. BRIGNAC représente une expression de ce concept: une architecture polyvalente et dynamique, faite de volumes doux et de lignes essentielles, qui prend forme à l'intérieur de la maison, créant un scénario de vie. Rencontrer, converser, partager le sens de la beauté et du bien-être, sont les activités qui animent cet espace, tel un théâtre communautaire.

EN/ The Brignac modular system is a real tool for designing the most diverse living solutions, combining a style that goes beyond time with an exceptional level of comfort and ergonomics, thanks to the soft feather padding and the ability to adjust the inclination of the body. The visible stitching of the upholstery is a detail of craftsmanship that enriches the entire creation.

FR/ Le système modulable Brignac est un véritable outil pour concevoir les solutions d'habitation les plus diverses, associant un style qui traverse le temps à un niveau de confort et d'ergonomie exceptionnel, grâce au rembourrage moelleux en plumes et à la possibilité de régler l'inclinaison du corps. La couture apparente du rembourrage est un détail d'artisanat qui enrichit l'ensemble de la création.
